

$$5 \times 3 = 15$$

3이 $\frac{1}{100}$ 배가 되면 15가 $\frac{1}{100}$ 배가 된다

$$5 \times 0.03 = 0.15$$

$$5 \times 0.03$$

$$= 5 \times \frac{3}{100}$$

$$= \frac{15}{100}$$

$$= 0.15$$

$6 \times 0.04 = 0.24$
